August 14, 2007

Tuesday August 7, 2007 was the 10th Annual Mimico Summer Festival – Party in the Park. The purpose of the event is to promote and celebrate community safety, strength and spirit. The people of Mimico, Toronto pride themselves in being a clean and environmentally responsible community. We were therefore grateful to have the services of EcoMedia Direct at our event.

The attractive recycling units were strategically placed in the Park and allowed our patrons a way to recycle any garbage or containers from our event. Recyclables were paper products, bottles and cans. We offered fresh corn on the cob and were grateful to EcoMedia Direct for also taking away the husks and cobs for appropriate composting.

We were impressed with the positive visual impact of the units and especially the idea of beautifying them with the work of Canadian artists. We will want to invite the services of EcoMedia Direct again next year for the 11th Annual Mimico Summer Festival – Party in the Park.

Thank you for kindly providing this service to our community event.

Sincerely,

Jim Sanderson
Pastor, Mimico Baptist Church
Board of Directors, Mimico Resident's association
Coordinator, Mimico Summer Festival – Party in the Park.
